## PROJECTS

MC442

### PROJECT UPDATES

MC437- Our section of project in McDowell County is drawing to a close, as we had our final walkthrough with NCDOT on December 14

MC441- We are moving onto two new worksites at our part of the Summerville, SC project as we pour out the first phase of the second culvert this month

MC442- Finishing strong with Flatiron and our final billing this month in Forsyth County

MC399- We recently completed the second sections of culverts to widen I-95 in Parkton, NC

MC441

---

### UPCOMING PROJECTS

MC455 is a new project that we have been awarded in Transylvania County, set to begin next month.

In January we will begin the final culvert for Wright Brothers on job MC433 in Rutherford County.

## SAFETY

### SAFETY SPOTLIGHT PROJECT MC450

Atlas Geo Contractors has completed drilling three piers for Bent 2 Stage 2. All three of these drilled piers are now poured out, and Atlas Geo will be moving over to the four piers located at Bent 1 Stage 2 soon.

Construction is rarely a solo activity. There are often multiple people, companies and equipment that need to work together in order to complete a task safely.

The team assembled in Burke County consists of: Mountain Creek Contractors, Atlas Geo Contractors, and Carolina Sand Trucking Company. There has been a great team culture established amongst these companies, and safety standards are reinforced by everyone on site.

Thank you for the hard work, and attention to safety!

---

### DECEMBER TOOL-BOX TALKS TOPICS:

12/4 - WINTER VEHICLE SAFETY

12/11 - MOVING BUILDING MATERIALS
