A LOOK BACK AT... MCDOWELL COUNTY

MCC was contracted to manage and finish a project in Marion, NC over I-40 that the original contractor was not able to complete. We were able to get the project back on track and help the local community by resolving the traffic congestion issues.

BEFORE

AFTER

A LOOK BACK AT... COLUMBUS COUNTY

In 2022, MCC constructed a box culvert in Lake Waccamaw for BMCO behind the local high school. This was completed in 3 weeks by Ranferi Fermin and Erick Carbajal, one of the fastest jobs we have ever built that didn't have a time restriction.

PROJECTS

PROJECT UPDATES

This month, we added two new MCC team members: Tim Harrington and Daniel Monroe. Tim will be heading up our project in Brevard as the General Superintendent. Daniel is joining our team as a Project Manager, focusing on our projects in Western, NC, specifically MC450 in Morganton and MC451 in Charlotte.

MC444- The bridge deck pour has been completed for phase 1.

MC455- Upcoming box culvert construction on Hendersonville Hwy in Pisgah Forest.

UPCOMING PROJECTS

We are looking forward to start new projects across the state, including James City, Harnett County, and Charlotte.

SAFETY

SAFETY SPOTLIGHT NATIONAL WORK ZONE AWARENESS WEEK

Every spring, National Work Zone Awareness Week (NWZAW) is held to bring national attention to traveling motorists, worker safety and mobility issues inside our work zones. In 2021 alone, there were 108 highway worker fatalities recorded. The goal of this week is to spread awareness about the daily risks our workers face, and try to implement change among the traveling public. By observing construction signs, putting down our cell phones, and reducing our speed we can all play a role in saving workers lives. The National Work Zone Awareness Week this year is April 15th to 19th and the NCDOT will be hosting events throughout the week. Further information regarding these events will be sent out.

MARCH TOOL-BOX TALKS TOPICS:

- 3/4 - AVOID PINCH POINT INJURIES
- 3/11 - BE AWARE OF SWING RADIUS
- 3/18 - DRUG & ALCOHOL ABUSE
- 3/25 - CONTROLLING HAZARDOUS ENERGY
