To finish off our look back at some of our projects over the past 25 years, we are going to the east coast to highlight some of our jobs in Carteret, Craven, and New Hanover, and Brunswick Counties.

MC394 was a Balfour Beatty project that Pete Boelte worked on. This project was a part of the huge Military Cutoff Road Extension in New Hanover.

## MC420

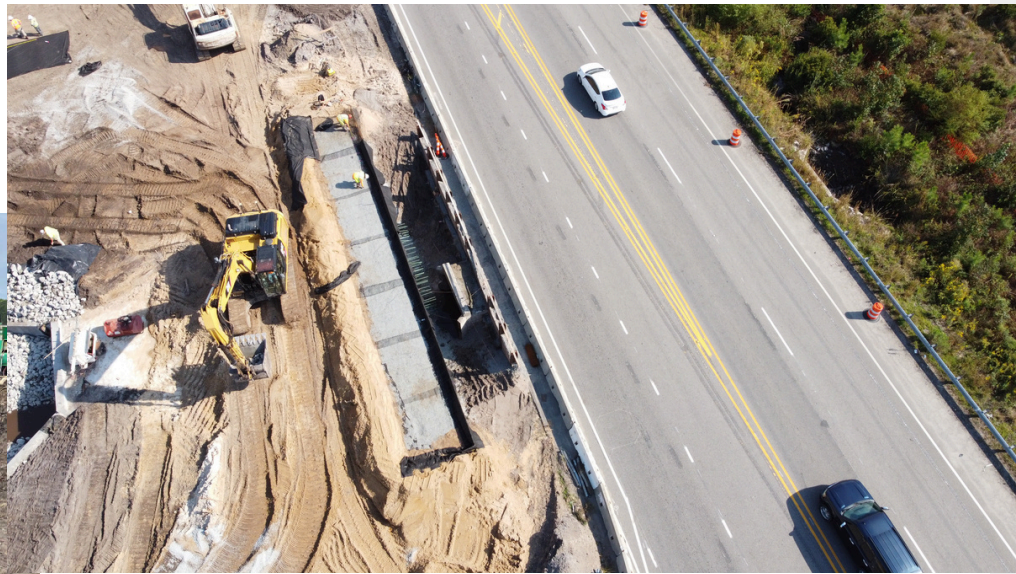

MC420 and MC421 were/are also with Balfour Beatty in Havelock and James City, respectively. MC421 is still ongoing, and MCC is contracted to build on the next phase of it in the upcoming job, MC448

## MC421

MC431 is also still ongoing, and was the site of MCC's first relief effort project this year in Southport.

We hope everyone had a great time at our annual Christmas Party! Enjoy your hard hat caddies, and be on the lookout for a little extra something in the mail soon.

Merry Christmas!

# GOFUNDME

It is with heavy hearts that we share the tragic loss of Anjel Flores, who passed away on Friday, December 6th, due to complications from a kidney infection. Anjel was a beloved member of his community, and his son, Ernesto, is a valued member of the Mountain Creek Contractors family.

In this difficult time, Ernesto and his family are facing the financial burden of transporting Anjel's body from Kentucky to Mexico for a proper burial, which will cost \$8,000. We are asking for your support to help cover these expenses.

Any amount you can contribute will provide much-needed relief to Ernesto and his family during this challenging time. Thank you for your kindness and generosity—your support means the world to them.
